Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I am a resident from Brasted Close and I am 65 years old and I am strongly objecting this plan. Our house is just 150 feet away from the proposed site. Very often I walk my grandchild to the school; with this already existing traffic conditions during the peak hours, I don't feel safe at all, there are many occasions, other parents or office goers using the roads, drive rashly, tries to park the cars in a random manner, there are times, while reversing the cars, move very close / dangerously to the pavement. This new community centre will definitely would worsen the situation.

In this age, having calm and peaceful evening wouldn't be possible at all if we add one more community place with 200+ individuals with their vehicular activity. This will become a traffic hell for residents, particularly old age people like.

I request the Sutton council authorities to reject this plan. Thanks.
