Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: This application should be accepted as there is shortage within the 5 mile radius. I have lived in Cheam for 30 years and it has been difficult to pray as there are not enough mosques and we are forced to rent out halls for Friday prayers and holy months during Ramadan and there are more worshippers in Sutton area and it is putting pressures on the existing mosques. I believe this lessens the burden as well as parking issues around the areas. There is a considerable amount of worshippers around the new application within walking distance. Also it will be an advantage for the local community to get involved with the new centre and can get involved in Muslim activities as well as community activities. The place can also be used as after school activities for all in the area.
