Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing to express my strong support for the proposed change of use of the Ambulance Station on Dorset Road in Belmont to a mixed-use facility including a Place of Worship and Community Hub.

This proposal would provide much-needed community space for residents in Belmont and the wider London Borough of Sutton. Facilities that bring people together for worship, social activities, and support services are vital for community cohesion, wellbeing, and inclusion. Re-using an existing building rather than leaving it underused is also a positive and sustainable approach.

The proposed extensions appear proportionate and in keeping with the surrounding area, and the inclusion of cycle parking and refuse storage demonstrates thoughtful planning. A community hub will benefit families, older residents, and young people alike by providing a safe and welcoming local venue for events, support groups, and educational activities.

I hope that Polly Davidson and the planning committee will give favourable consideration to this application, as it will bring lasting social value to the neighbourhood.

Thank you for considering my comment.
