Comment Reasons:

Comment: I have 3 kids and I always look out for safe, reasonable activities for kids which are local to me. Having this community hub will give me a chance to utilise the activities that they are planning for the youth so I very much support this planning.

Also, I am looking forward for the health programs and women's activities that this community center is going to provide.

I see a lot of benefits of having this local community space for kids and women in general.
