Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: This will be a very useful addition to the local community and area. Benefitting the neighbourhood. Providing community gatherings, prayers, education, improved health and mental well being for the vulnerable. The area is close to many to allow walking. there's plenty of parking spaces within the centre. The centre can also help keep youths busy with educational and leisure activities rather than wander around in streets that could lead to anti social behaviour.

With an aging population, elderly members can walk to improve their health and fitness. Attend for gatherings, make friends and prayers too.

As an experienced high school teacher in Sutton, I can say this will definatly help with community development. I love living in Cheam Sutton.

I look forward to seeing this approved soon by Sutton Council.
