Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I'm fully in support of having a mosque in Banstead. It would be a much-needed place for local families to come together for worship, learning, and community activities. The Muslim community has long been a valued part of British life, contributing positively in all areas-from education and healthcare to business and public service. A local mosque would not only make it easier for residents to practise their faith close to home, but also create a welcoming space where people of all backgrounds can connect, share, and strengthen the sense of unity that makes Banstead such a special place
