Comment Details

Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I support this change of use of the Ambulance site because:-

- encourage community integration
- parking issues will not affect this application because of staggered timing
- will serve people in needs
- encourage youth activities
- activities for the elders which is lacking within the area
- encourage educational support for deprived students within the community
- encourage activities for mums and toddlers

As a local resident we need a centre to cater for the above. Hope the above points will be taken into consideration for approval.
