Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment:- Increased Traffic & Road Safety Risks: 70+ vehicles could park on nearby roads, with up to 80 vehicles locally during the overlap.

- School safety: Avenue Primary Academy has 1,034 pupils. Extra traffic/parking increases risk at drop-off/pick-up and reduces visibility.

- Serious noise and late-night disturbance: dispersal of up to 250 people at 11pm can mean voices, engines, doors slamming, and cars circling for space.

- Vulnerable residents: a nearby care home and elderly neighbours are hit hardest by obstruction and late-night disturbance.

- Visually overbearing and completely out of character: the proposed extensions and increased building height would create a structure that is visually dominant and entirely out of keeping with the

domestic scale of neighboring properties.
