Stance: Customer objects to the Planning Application

Comment Reasons:

Comment:1. The location is very close to Avenue Primary and is likely to become overcrowded, posing safety risks for children, especially younger ones. The area already experiences significant traffic and vehicle issues, which could worsen if it becomes more crowded.

2. There are already significant parking issues in this area, with many people struggling to park. This creates a serious safety risk for young children, who may not be able to judge approaching traffic and vehicles.
