Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I support change of use of the former ambulance site-

- the change of use will Not affect parking situation as there will be parking on site
- prayers timing are staggered not interfering with school timings
- such place will promote community integration
- this will be a hub for families, young and elderly
- this centre will be a place of supporting the poorer in our society by food banks etc
- few meters away we have been attending the Friday prayers, there NOT caused for concern to the locality

Hope by granting the change of use will be a hub for community integration and socialisation
