Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I wish to formally object to the development of a place of worship in Dorset Road.

The proposed location is almost directly opposite Avenue Primary Academy School, which already sees very high levels of traffic - particularly in Avenue Road and the cross roads between Dorset Road and Holland Avenue itself, during drop off and pick up times.

It is also a bus route, which makes passing ALMOST IMPOSSIBLE during these times. Also, there is a local care home on the corner of Dorset Road which would mean an impact on their residents friends and family visiting.

This area is primarily residential and it would see increased levels of noise, increased vehicles, definitely increased issues around parking and disruption to their lives, on a daily basis. I believe the local Bowls Club have already been approached about the proposed place of worship being able to use their carpark, so the applicants already know there is an issue concerning enough parking spaces!

I respectfully suggest that the Council are fully aware of all the above mentioned issues and the significant safety issues during peak flow traffic.

I therefore vehemently request that planning permission be refused.
