Comment Reasons:

Comment: I support Planning Application DM2025/01591.

I have lived in Belmont for 9 years before recently moving, having lived there for a long time I have always supported and been part of various community groups and events. It is a multi cultured area and everyone benefits from it in some way, however, it is missing a well needed community hub that can help people from all walks of life to engage in community projects like health & wellbeing programmes, sports activities and most importantly educational activities for kids. Furthermore as my child attends Avenue Primary Academy, it would be a great opportunity for kids to have something close by and easy to get to for kids classes/clubs.

I am also reassured that consideration has been given to operational management, particularly ensuring that programmes and events do not clash with school drop-off and pick-up times. This demonstrates a responsible and proactive approach to minimising traffic impact.

Overall I believe this will only further benefit the wider community and contribute positively to the local area.
