Stance: Customer objects to the Planning Application

Comment Reasons:

Comment:

As a resident living within 200 yards of the site, I wish to object to this application on the following grounds:

Increased traffic and road safety risks: 70 plus vehicles could park on nearby roads with up to 80 extra vehicles locally during the overlap;

School safety: Avenue Primary School has more than 1,000 pupils. Extra traffic / parking increases risk at drop off / pickup and reduces visibility;

Serious noise and late night disturbance: dispersal of up to 250 people at 11 pm can mean voices, engines, doors slamming, and cars circling for space;

Vulnerable residents: a nearby care home and elderly residents are hardest hit by obstruction and late night disturbance;

Visually overbearing and completely out of character: the proposed extensions and increased building height would create a structure that is visually dominant and entirely out of keeping with the domestic scale of neighbouring properties.
