Address: 56 Belmont Road Belmont SM2 6DW

Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: We are concerned that the proposed development will significantly worsen traffic congestion and create serious road safety risks in our village. The site is located on the same road as the primary school, which already experiences heavy congestion during drop-off and pick-up times, including incidents of dangerous driving and a reported accident in November last year. The application does not appear to provide adequate off-street parking, meaning surrounding residential roads are likely to be used instead. This would increase traffic, obstruct access, and put children and pedestrians at greater risk. We believe the current infrastructure is not suitable to safely accommodate this development.
