

# Comments for Planning Application DM2025/01591

## Application Summary

Application Number: DM2025/01591

Address: Ambulance Station Dorset Road Belmont SM2 6JH

Proposal: Change of use from Sui Generis (Ambulance Station) to mixed use Classes F1 (Places of Worship) and F2 (Community Hub) involving the erection of a part one, part two storey front and side extension, increase in height to part of building and provision of cycle and refuse stores.

Case Officer: Polly Davidson

## Customer Details

Name: Mrs Praveena Paruri

Address: 18 Brasted Close Sutton SM2 5BE

## Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I am writing to object to the above planning application on the grounds of traffic impact, parking pressure, noise levels, and harm to residential amenity. My concerns are set out below.

Traffic Impact:

The development would add significant extra traffic to an area already congested during Avenue school dropoff and pickup times, increasing safety risks for children and pedestrians.

Insufficient Parking:

The proposal does not provide enough onsite parking, which would likely lead to overspill parking on nearby residential streets, blocking access and worsening congestion around the Avenue school.

Noise Disturbance:

Regular gatherings, events, and increased vehicle movements would raise noise levels, affecting the peace and quiet of nearby homes, especially during evenings and weekends.

Harm to Residential Amenity:

Increased footfall, constant activity, parking issues, and loss of privacy would negatively affect residents' ability to enjoy their homes and neighbourhood.

Cumulative Impact with the Avenue School Nearby:

Combining school traffic with event-related traffic intensifies congestion, safety risks, and general disruption beyond what the local area can reasonably accommodate.
