Case Officer: Polly Davidson

Customer Details

Name: Samuel Onyenuforo

Address: 6 Brasted Close Sutton SM2 5BE

Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: We object to this proposed mosque for the following reasons:

1. Traffic and parking

We have enjoyed relative peace and quiet over the 20 years that we have resided on Brasted Close within the Belmont Heights area. Our street borders the location where the mosque is proposed to be and which is closer than Avenue school located roughly 500 metres away. The current situation is that, Brasted Close and neighbouring streets become congested during term time with school run traffic. The presence of a mosque will exacerbate traffic congestion due to the likely influx of vehicles, especially during peak Friday prayers or special events, leading to streets in the vicinity becoming less safe for pedestrians especially children. The existing infrastructure cannot handle a large influx of vehicles, and even more so during peak periods.

2. Noise Pollution

Noise from increased foot fall and vehicular traffic during early morning or late night hours will disrupt the quiet, residential character of this neighbourhood.

3. Property Value

The increased traffic, parking shortages, noise, and changes to the quiet, residential character of the neighborhood will make this residential area less desirable which is highly likely to have a negative impact on the value of local property.
