Address: 94 Abbotts Road Cheam SM3 9SX

Comment Details

Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am 19 years old and I strongly support the conversion of the ambulance centre into a community centre. I believe that a community centre will have many benefits.

Firstly, to address the concerns about parking, and the nearby school, the centre will have its own parking lot which will relieve the parking on the nearby streets. Additionally, during the peak school hours, the centre is likely to be not busy due to the prayer times generally falling before and after school pick-up and drop-off times.

Secondly, the community centre can be a great place where local Muslim youth can spend their time in activities, games, and with friends.

Additionally, the centre can be a nice place for community events due to its accessible location in a residential neighborhood. This accessibility might encourage attendees of the centre to walk rather than drive.

Please consider this application with a favourable consideration.
