Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing to express my support for planning application DM2025/01591.

As a local resident, I welcome the proposal to convert the former 24-hour ambulance centre into a community centre and place of worship. In my view, this represents a positive and less intensive use of the site, while delivering meaningful benefits to the local area.

The creation of a dedicated community facility will provide an important space for worship, community engagement and local activities. I believe it will be a great addition to the neighbourhood and will contribute positively to community cohesion and wellbeing.

For these reasons, I respectfully urge the London Borough of Sutton to approve planning application
