Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I Object because of the volume of traffic that it will create. We already have a Tennis & Bowls Club which are on a bus route.

What with the current volume of school-run congestion which increases Traffic & Road Safety Risks together with the vulnerability to nearby care home and elderly neighbours and with the subsequent blocked pavement/driveways is becoming intolerable. In addition, there will be the inevitable serious noise and late-night disturbance due to the dispersal of peoples voices, engines, door slamming, and cars circling for space to exit. In addition, the proposed extensions and increased height would create a visually dominant and entirely out of keeping with the domestic scale of neighbouring properties.
