Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Dear Case Officer,

I am writing to formally object to the above planning application. My objection is based on the following material planning considerations:

Design and Character: The design and materials of the proposal is out of character with the existing street scene. It represents an [overdevelopment/inappropriate addition] that does not respect the local context of [mention nearby architectural style].

Traffic and Highway Safety: The increase in vehicle movements and parking demand will lead to significant safety concerns on Dorset Road, which is already heavily congested. The provision for parking is insufficient for a development of this scale.

I urge the Council to refuse this application in its current form, as the Site is fundamentally unsuitable for a high intensity use of this nature without severe impact to the local infrastructure and residential environment.

Yours faithfully,

Santoshi Ejji
