## Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The area already experiences severe congestion, particularly during school drop-off and pick-up times, with high pedestrian and vehicle activity from a nearby primary school of over 1,000 pupils.

Additional traffic from recreational and elderly facilities further increases pressure and risk to vulnerable users. An assembly use would create concentrated peak-time traffic, worsen parking stress, and materially harm highway safety and residential amenity.
