Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing to support the application by the Belmont and Sutton Muslim Association (BASMA) to convert the former ambulance centre into a community hub and place of worship.

I am a practising Muslim and a father of three girls living locally. There is currently a clear lack of accessible Islamic facilities in Sutton. A local masjid and community centre would provide my family and many others with a safe, structured space for prayer and positive engagement close to home.

This proposal would also deliver wider community benefits, including youth programmes and family support, helping strengthen cohesion and provide constructive activities for young people.

I respectfully ask the Council to recognise the genuine local need for this facility and approve the application.
