Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object to this proposal.

The area already suffers from heavy traffic and congestion due to the nearby high street and school drop offs and pick ups. I often struggle to get a parking space on station road when I want to quickly nip to the shops and this development would only make the situation worse.

There is a school close by and the surrounding roads are used daily by children and families. Any increase in traffic or visitors raises real concerns about road safety at already busy times.

The area is already under pressure and further congestion is simply not appropriate for a residential setting and would negatively impact residents' daily lives.
