Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I strongly oppose the islamisation of Sutton. There has been a very concerning increase in crimes committed against women and children in recent years due to the invasion of Islamic illegal immigrants into this country. Fears about security and the influence of political ideologies associated with Islam must be considered. England is a Christian country and this proposal does not serve the majority. There are already several mosques catering for the Muslim community in the Sutton area. The wellbeing and safety of local residents including children at the nearby school and elderly at the nearby care home must be prioritised. This would also negatively impact property values and cause unwanted disruption - traffic / congestion, noise and pollution.
