Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The planning permission needs to be in 2 parts. The community hub should not be put in the same consultation as a place of worship.

The additional traffic will cause undue disruption to the area unless there is in location parking catering to the size of the peak occupancy.

This should be developed into a residential area as there is already a shortage of low income housing. This is inline with Sadiq Khan's plan for London
