Comment Reasons:

Comment: Please accept this as my support for this development. I think that the development of this place of worship and community well being hub with various community activities will be very beneficial for the Muslim community in general and the Sutton community as a whole. I respect the opinions expressed here by fellow residents for and against the planned development. However the details in the planned development are sufficient to put to rest most recurring concerns raised by people.

The development is in line with the policies set forth by the Council and is mindful of everyone in the neighbourhood.
