Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I want to say that this development is a must for our community and much needed for longtime. We have been using makeshift places like schools and halls and churches to get together and organise and we deserve our own place to freely worship and express ourselves without the prejudice and pressures of others. I feel that if this building doesn't get through then it will give us a sense that Sutton has failed us.
