Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: A local dedicated community centre is essential and this would be ideal.

A safe space for the elderly, youth and women.

A welcoming space for women to access wellbeing events, fitness activities, workshops, and social support - helping to address isolation, mental health, and the pressures many women face as carers and mothers.

A space where there is community cohesion and there are structured events and courses.

Much needed for multi cultural events too.
