Comment Reasons:

Comment: Dear Ms Davidson,

I am very pleased to know about the repurpose of the old ambulance centre to a community centre, mosque and for elder population to meet up. I currently travel to Wallington or Morden for local events, having a centre walking distance from my home will keep me linked to my local community.

I would like to meet up with people of all ages and would like to share my experiences with wider community. I have lived in the area with my son for over 22 yrs and having a purpose built centre close to home will really help. I can't walk long distance and often have to drive but have it locally, I can walk with my friends in the close vicinity.

My experience of attending local centre is it brings communities together. I had pilate sessions and elderly lunches which I enjoyed. I have also attended health and emotional welfare sessions. I have actively participated in fund raisers for homeless, cancer support and child Trust fund through community centre. I look forward for a community centre near my house.

Well planned centres provide best for the community and will avoid any inconvenience to neighbours. I respectfully vote to support this development.

Mrs Naima Hassan
