Comment Reasons:

Comment: The community in and around Sutton needs a prayer of worship and a community centre. There is a great lack of space / capacity currently and this centre will help in alleviate the religious and social needs. It will be a very positive addition as it will provide a place for young people to meet and indulge in healthy activities rather than becoming a social nuisance. I live in the local area and it will be very convenient for me as i can use public transport / walk thus reducing emissions as i currently have to drive to the community centre due to distance and commute times.
