## Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Totally inappropriate place for what is proposed. Principally the traffic volumes will be absurd and potentially at very awkward times day and night. This a residential area and should remain so.

It is inevitable that should such a proposal be accepted, a few years down the line further applications will be made to extend the building upwards etc.

It is simply not in keeping with the character of the area.
