Address: Lower Trewalkin Pengenffordd LD3 0HA

Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I believe this development will undermine social cohesion which is a material planning consideration under The National Planning Policy Framework (2024). This application does not promote social cohesion, it is for a specific community, it is not inclusive to all and allows for segregation. What plans have been drawn up and presented to the planning department to confirm the inclusion of all communities?

The area needs places that bring people from all backgrounds together. I believe this application will cause more division by excluding certain minority and majority communities.

The proposal will exacerbate an infrastructure already under severe pressure and will cause stress to those living in the area due to the increase in parking and traffic.

I politely ask the planning team to refuse this application.
