Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: We are currently facing a significant housing crisis, and I believe available land in our area should be prioritised for much-needed housing rather than religious buildings. I am concerned that the proposed mosque would be visually overbearing and out of character with the surrounding residential area. This will also impact local traffic, noise levels, and create disturbance, particularly given its proximity to The Avenue primary school. Increased congestion and activity will raise safety concerns for pupils and families during drop-off and pick-up times particularly. This needs to be seriously considered.
