Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I would like to raise my concerns regarding the proposal to open a new place of worship in this residential area.

My main concern is the potential impact on local residents and Avenue Primary School. This area is primarily residential and generally quiet. Large gatherings, especially during regular prayer times and special religious events, may result in increased noise levels, traffic congestion, and parking difficulties.

There is also concern about the safety of children attending Avenue Primary School, as additional vehicles and visitors could increase traffic during peak school drop-off and pick-up times.

Furthermore, large gatherings may lead to issues such as littering and general disturbance, which could affect the peace and quality of life currently enjoyed by residents.

I respectfully request that these factors be carefully considered before granting approval.

Thank you for your attention to this matter.
