Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am a local resident, who has been living in the area for 7 years. I am in support of this proposal as I identify numerous benefits to the community including programmes for women, and children, cycle racks and promoting sustainable travel. The proposal is considerate of residents by staggering prayers, keeping the building modest in size and maintaining greenery. I urge the council to recognise the many benefits and approve the application.
