Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I strongly support this proposed change of use application. A dedicated community centre providing a welcoming space for local residents within walking distance would be invaluable. This would also significantly address the lack of youth support resources in the locality. The multifaceted and inclusive benefits for youth, elderly and the wider society, in the form of social support, fitness and more would be very enriching for the area.
