Comment Reasons:

Comment: Dear Planning Officer,

I am writing to support Planning Application DM2025/01591. As a local resident, I welcome the proposed re-use of the former ambulance station as a place of worship and community hub, as it would provide helpful facilities and programmes for local families, including wellbeing initiatives and educational activities for children.

The site is modest in scale and fits the character of the area. The proposal also includes 12 parking spaces plus 2 disabled bays, and I understand Friday prayers will be scheduled in a staggered way to avoid overlap with school pick-up times, which should reduce any impact locally.

Overall, I believe this proposal makes good use of an existing building and offers clear, practical benefits for wider community. By providing a safe, managed space for worship alongside wellbeing.

Kind regards,

Adam Khanzada
