Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I believe that building a community centre in the area is a great idea as there is a lack of activities and facilities available in the area, for people of all ages.

Moving the Friday prayer from St John's Community Hall to the former Ambulance centre, plus having around 15 car parking spaces available on-site, will mean that parking spaces on the roads in the area will be freed up, providing more parking spaces for parents of the local school and other people in the area.

As someone who has lived here for over 10 years, and as a father of 3, I think the creation of this community centre will be highly beneficial to the young people in the area, as there aren't many community youth facilities currently.

For these reasons, I hope the Council grants the request for this change of use application.
