Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: This site is so close to Avenue school, one of the largest primary school in the area. The local traffic has always been heavy and street parking is chaotic during school run time.

Furthermore, a lot of students live on east and south side of the site (Balmoral way, Brasted Close and beyond) and they along with their parents/guardians will pass the site twice daily on foot. If the project goes ahead at this location, it will bring additional road safety concerns to the students, as well as disturbance to local residents. A friend of mine lives almost next to the site. One of his child has been struggling with sleeping deficit and depression. I can't imagine how the child would survive the noise from construction and subsequent huge gatherings at the site.
