Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing to support this planning application. A Masjid and Community Centre in our neighbourhood would be a genuinely positive addition - providing a local place of worship, education, and community support for families who currently have to travel significant distances.

The site is a vacant former ambulance station. Converting it into an active community facility is a sensible use of the building, and I believe it will benefit residents of all backgrounds, not only those who worship there.

I urge the committee to approve this application.
