Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: My first objection is the effect this will have on the already difficult parking situation which is already dangerous for motorists and pedestrians and it is also a bus route which makes for chaos at busy times in York Road.

My second objection is that it will change our tranquil neighbourhood and I have already seen the chaos Friday prayers causes with inconsiderate parking.

My third objection is that local residents will be excluded from the new "community" area.

Some of the people supporting this new venture are from out of the area and will not be affected by the extra traffic.
