Address: 6 Royston Avenue Wallington SM6 8HY

Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The development is located in a residential area, a commercial development, is not in keeping with in keeping with the streetscape of the area. it is out of character.

The development will result in a massive increase in traffic movements for the area. The proposed development is in close proximity to a school and in very close proximity to 2 sports clubs. At certain times of the day the road network is already log jammed, notwithstanding a frequently used bus route.

The development will result in a massive increase in required car parking bays. The area is residential with next to no "spare" parking bays.

Where are the cars going to park??? Random cars being parked illegally will result in significant road safety concerns given the close proximity of a school and sports clubs.
