Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing as a local resident to strongly support planning application DM2025/01591 for the proposed community centre. This facility will be a real asset to the area, providing a welcoming space for residents of all ages. The dedicated women's and family provision is especially important, as it will help many local people participate more fully in community life. The application has been carefully prepared, and the supporting assessments confirm that the centre will operate within existing noise levels and without causing parking or traffic issues. The site is a vacant brownfield property, and bringing it back into productive community use is far better than leaving it unused.

I respectfully ask the Council to approve this application for the benefit of the local community.
