Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I would like to bring to your attention the proposal to construct a two-storey prayer and community hall at the London Ambulance Station site, close to Avenues School.

This proposed development may lead to increased traffic, additional parking pressure, noise, and pollution in what is currently a relatively quiet residential neighbourhood. Given its close proximity to Avenues as well as quite a few care homes for vulnerable people, there are also understandable concerns regarding road safety, particularly during school drop-off and pick-up times.

If safety is considered a prime issue in many other matters then this issue should also be considered as the important issue where elderly and young children's safety may get affected due to this proposed building.

Please look into the matter before it affects the residents.

Thank you
