Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Concerning the application for the mosque and community hall I have just experienced drivers on Friday the 27th February 12:45pm parking over drives in Queens Road. I find it very funny that now the application is in that they have parking wardens (who are only monitoring the road by the church), where previously this wasn't a concern for the people attending the pray room. I have taken pictures to show how congested Queens Road is, but can't attach them. The top of Queens Road normally avoids traffic from the school, but today it is gridlocked.

How the area near the proposed mosque and community hall will handle this additional traffic I have no idea?
