Comment Details

Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing to express my support for planning application DM2025/01591 for the proposed change of use of the former ambulance centre into a community hub.

As a local resident, I believe this development would be especially beneficial for young people and the wider community. It would provide a safe, structured indoor space for youth programmes, educational activities, wellbeing support, and positive social engagement. Facilities like this are vital in helping young people develop skills, confidence, and strong community values.

The proposal makes good use of an existing building and fits well with the surrounding area, while offering long-term benefits for local residents.

For these reasons, I fully support this application and respectfully request that it be approved.
