Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am a young single woman (Professional NHS Dentist) who prefers to walk locally within Cheam village, Belmont and surrounding areas. I've lived in this area all my life, went to local Primary and High Schools. Having this Community Centre in Dorset Road will be an essential part of my local community, my faith, our religion, and social activities. It is perfect for supporting people like myself, improving community relations, social harmony and social integration. I often bring along my non-muslim friends from other faiths like Christian, Jewish, Hindu to social events and cultural and interfaith activities. I can meet other young woman, single woman, youths and vulnerable members of our community to help them improve their education, health, faith, well being and social development. As a young Dentist working in the NHS I can see the urgent need for this type of community centre for young girls and woman, not only muslim but from all faiths.

I trust Sutton Council will make the right decision and grant the centre the Planning Approval sought. This will ensure all members of Sutton population are treated equally, fairly and valued in our society.
