Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I am objecting to this change of use for various reasons as I do not feel there is sufficient information given to support the change.

The main reason is There is no parking provided in the plans. It is not workable in this area to run a community centre without parking, If this is to be a place of worship that would involve afternoon prayers with the proximity to the school this area is already really over crowded and dangerous at times of day because of the school traffic to then add in afternoon prayers on top will make this more of an issue, I therefore would like to understand where this traffic will go and parking so not to cause problems for the residents.

If this is a place of worship will there be call to prayer as this is intrusive for local residents

As a community centre will this be accessible for all faiths?
