Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: We object to this application. The site is in a quiet residential area and close to a school. A place of worship and community hub will increase traffic, parking pressure, and noise, harming the peaceful character of the neighbourhood. There are also concerns that places of worship can become targets for extremist or anti-religious incidents, creating potential safety risks for nearby residents and the school. The proposal is unsuitable for this location.
