Address: 21 Holland Avenue Cheam SM2 6HW

Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object to this planning application due to the potential risk of excessive traffic noise and disturbance in a residential area that already has a large school and several care homes.

I have kids and worry about cars and vehicles causing pollution noise and safety risks.

This area is residential and should not be suitable for a large mosque or community centre there is simply not enough space or parking available to accommodate.

Additionally late night noise and events will cause disruption to the residential community living on my road and surrounding roads.

The area of Sutton already has several mosques in the borough meaning that worshippers can travel a short distance to those already established and existing establishments.

As this area has many pedestrians and a park with numerous children the increase in cars and vehicles could cause safety risks and fatalities.
